THE BOARD COMMENDED.

Upper Dublin Electors Voice Satisfaction With Schools.

Largely Attended Meeting at Fort Washington Discusses School Matters—Reports Heard From Each District—County Supt. Landis Present.

A representative Upper Dublin township gathering of ladies and men, held in the Fort Washington school auditorium last Friday evening discussed matters pertaining to the township schools and various inquiries were answered by County Superintendent Landis and on behalf of the board, by William Worman, secretary. The outcome was the expression by many present that they are thoroughly satisfied that the board is doing all in its power to act for the best interests of the children and the taxpayers in view of the requirements by the state, the exigencies of local conditions and with the funds provided by the taxpayers for the support of the schools. Ralph E. Frey, a member of the board, in the absence of the president, Charles R. Roberts, who was detained at home by reason of sickness in his family, opened a meeting and after a few words of greeting and having briefly stated the reason for the call turned the chairmanship over to Mr. Worman, who stated the members of the board were present to discuss with the electors certain conditions complained of, to answer questions with regard to school management and to place facts of board action before the residents.

Prof. Landis delivered an interesting address which was full of information regarding the condition and standing of the local school, the qualifications of its teachers, the requirements of school management under the new state law, etc. Questions were asked and in this way detailed information of school matters was secured.

The abolishing of the ninth grade was shown to be in line with the state requirements in an attempt to elevate the educational standards.

The resignation of Miss M. Ella Ruth as a member of the faculty, Mr. Landis stated, and same was corroborated by Mr. Worman, who read from the school board's minutes, to have resulted after she had received a most advantageous offer from a North Dakota district.

Conditions at the Oreland school were discussed by residents from that section, who reviewed the extreme difficulties and perplexing problems as encountered there by both teacher and board, and several speakers expressed their thanks to the board for the present arrangement whereby the Upper Dublin board, on the written application of parents, will pay the tuition of white children in the Abington or Springfield schools nearby.

Mr. Worman stated that the township's salary bill is about \$19,000 per year, and that there is owing from the state more than \$3300, and in addition the board has not received any funds for last year under the teachers' salary advancement. There seem to be no means of compelling the state to pay this over promptly, and in the meantime the board is obliged to keep its credit good by promptly meeting its obligations.

At the conclusion of the meeting, Mr. Worman asked for reports from each school section of the county, and from each district there were expressions of satisfaction as to school conditions and confidence in the board as shown by its management.

Women Voters in County Meeting. The fall meeting of the Montgomery County League of Women Voters was held at Trinity hall, Norristown, on Thurs. Mrs. Herman L. Schwartz, county chairman presided. Upper Dublin, Lower Gwynedd Townships were well represented. Mrs. T. Duncan Just, of Ambler, was elected a director. Mrs. Charles A. B. Hettzel, of Fort Washington, corresponding secretary, and Mrs. Herbert Jenkins, of Gwynedd, fourth vice chairman, as representing the interests of the local branches in this vicinity.

The morning session was devoted to the business of the county league and reports of local chapters, and at the afternoon session addresses were made by Mrs. Aaron Swartz, of Norristown on "Local Government and the Part That Women Can Play"; Judge Solly, of Norristown, on the "How They Function"; Mrs. E. N. S. Macaulay, of Beaver, member of the board of education, on the "Schools and Women as School Directors." They inter program of the league as outlined by the chairman will consist in part of studying the history of the political parties; party machinery and direct primary; debates on the primaries—direct vs. convention system; studying county government, held at Mrs. Herman L. Schwartz, representatives and how they affect local government, preparing for state and national primaries to be held in May, including the offices to be filled and duties involved.

Vote for the Loan. Do you know these facts about Pennsylvania and her schools?

Pennsylvania ranks second in wealth among the states of the union.

Pennsylvania ranks 21st in education among the states of the union.

The state's inadequate support for schools is not due to poverty.

The state taxes in Pennsylvania are low, and the local taxes are lower than those in many boroughs.

We, citizens of the borough of Ambler, need a new high school.

The proposed \$100,000 loan comes before the voters Tuesday, Nov. 8. Can we afford to be indifferent to the welfare of our children? They cannot do so. The teachers are working at a disadvantage.

Let us be boosters for this much-needed improvement to our borough. Let us forget the slight increase in taxes, and think only of the good of our children and our neighbors' children. Governor Sprout said that equal opportunity shall be accorded every boy and girl, and to give as much money per capita for the education of each child as our neighboring states do.

Let us take pride in our state's pride in our borough, and let every man and woman go to the polls next Tuesday and vote "yes" for the loan for our new high school.

COM. LEAGUE OF WOMEN VOTERS.

TUBERCULAR HOSPITAL.

Establishment of County Institution to Be Decided at Polls.

Favorable Vote Will Enable the County Commissioners to Secure and Maintain Hospital for Treatment of Our Own Tubercular Patients.

Next Tuesday the voters will be called upon to decide whether or not the county will have a hospital to take care of its own cases of tuberculosis. Like the proposed amendment to the constitution all the voters will have to do will be to mark an "X" opposite the word "yes" or "no" which ever he or she decides to do, but it is hoped that the movement for this hospital will not meet the same fate as the amendment. Not in recent years have the voters of the county been called upon to decide so important a matter as this. The great need for such a hospital is becoming more apparent every day. The unfortunate people who are afflicted with this dreadful disease need to be kept in the county where they live that better and more efficient attention can be given than in a crowded sanatorium many miles from home. Almost every physician in the county knowing the splendid good a county hospital for tubercular patients can do, is in favor of the movement and on next Tuesday they will do all in their power to help get a majority in favor of the new hospital.

Republican and Democratic committees and workers whenever appear in favor and will also see that a good vote is polled in favor of the institution, and besides there comes the report that every social service worker and all the women organization are also doing all they can to aid in carrying the election in favor of the plan, but topping all these comes the news that the county commissioners and Miss Kate Egan, county probation officer; Miss Brown, county nurse, and Mrs. George J. Cooke, who is one of the officials of the state in health work in Montgomery county, are also back of the movement.

Recently at a meeting held in the court house at Norristown in the interest of the proposed hospital, there were a number of speakers, among whom were several physicians who stated that if the voters of Montgomery county will vote in favor of the county having such a hospital it will be the beginning of the fight to gain the hand of this most dreadful disease. While one physician declared that it will be the means of saving the lives of many of our residents who are in the first stages of tuberculosis. The county commissioners now give to the voters an opportunity to line up with a large already have such an institution, and from these come most of the people engaged in social service work, was informed that there is more back of the movement than appears on the surface.

It is a known fact that tuberculosis is a contagious disease and to allow an infected person to remain in the home where there are a number of other persons is only spreading the disease, and besides the children in this home are obliged to go to school and mingle with others and are also liable to spread it in the manner. The proposed hospital will, it is believed, in a large measure, stop this, and in a short time the results will be beyond even the expectations of those supporting the hospital. There will be a worker at every polling place that will be glad to give any information desired on the subject.

An Unusual Church Service. A most impressive scene was enacted on beautiful Trinity Green on Sunday afternoon, hundreds of people being present to witness the dedication of a flag pole in memory of Theodore Roosevelt, Patriot and President, the Friend of the Boys and Girls of America.

The flag pole which is 63 feet in height is the gift of Mr. H. P. McKean and Dr. R. V. Mattison. The flag (10x15 ft.) is the gift of Mrs. Mattison. A newly designed parish flag given by the Sunday school was also used for the first time on this occasion.

At four o'clock the procession marshalled by scout officials and headed by cross-bearer and acolytes, marched around the church singing "Onward Christian Soldiers." In the procession the rector, vested in a rich cope, and the Rev. E. N. Bird and Rev. N. B. Groton, also vested and wearing their academic hoods; the choir, followed by the Scouts massed colors, and six uniform troops of Boy Scouts. After the prayers of blessing, the bugle sounded "Colors" and the flag was raised.

Then followed, memorial prayers for our patriot dead, and taps was sounded. Following the benediction, the congregation of about four hundred took its place in the church. Here was held the Roosevelt Memorial Service, a new nation-wide Boy Scout custom, on this day. The address was delivered by the Rev. N. B. Groton. The beautiful choral by his resplendent windows, the music, the lights, the flags in the eager, earnest faces of the boys, as they listened to Mr. Groton's thrilling words, was a picture never to be forgotten.

CANDIDACY OF MR. MAAS.

Republican Committeemen Urge His Election.

Ambler School Director's Record Warrants His Return—New Law, Besides Being Vague, is Yet to Be Interpreted by the Courts.

Editor "Ambler Gazette": A rather misleading article appearing in one of the recent issues of the "Gazette," prompts the republican ward committeemen to answer the statements therein contained, and place the facts in connection with the coming election before the republican voters of the borough in their true light.

The League of Women Voters, with indefatigable energy, endeavored to nominate Dr. Mary Hough for Ambler school director on the republican ticket at the recent primary election. Being apprehensive of results at the hands of the republican voters, the endorsement of Dr. Hough deemed it expedient to have their candidate's name placed on the Democratic ticket. The decision of the republican voters left no room for question, for undoubted certainty, the ballots evidenced a confidence in present incumbents and a desire for their return to office.

The League of Women Voters, being a non-partisan organization, and apparently with an eye single to but one end—the advancement of their own pet projects—did not feel constrained to abide by the results of the party primaries, and decided to utilize its wise political move of having the Democratic nomination. Some ground must be found, however, upon which to attack the candidacies of the republican nominees for their names upon this ticket would practically insure their election. The search was fruitless, so far as the capabilities or purposes of the candidates, and in despair a scrutiny made for some fragile base upon which to found their fast waning hopes.

A section of a new act of assembly was seized upon as a last salvation. Every intelligent American voter realizes that legislative enactments of little value until interpreted by regularly constituted bodies known as courts of law. The judicial side of our governmental operations is indispensable in the enforcement of every statute. The scope and applicability of any act of assembly, together with its interpretation rests only in the hands of the courts.

With all due regard for the extraordinary judicial minds to be found in the membership of the League of Women Voters, we are confident that their pronouncement on the interpretation of the act in question is far from not eligible to serve is certainly subject to review and probable reversal by the hands of those having judicial powers. The words of the act are by no means as explicit as the supposed quotation. Capable attorneys have been consulted and have expressed doubt as to the applicability of the section to Mr. Maas. Conscientious search has been made for the findings of some judge on the subject, but none could be found. Certainly the decision as to the right of Mr. Maas to a seat on the school board, if elected, must come from a more authoritative source than the self constituted court of the League of women voters.

The only safe course for every republican voter, ladies as well as men to pursue, is to place a course at the head of the ticket opposite

REPUBLICAN X

and insure the election of the entire ticket of the party of Lincoln, Roosevelt and Harding.

J. W. WILLIAM WITTER, Republican Committeeman.

An Unique Event. Wednesday night, (November 23rd) will be a "Red-Letter" Day for Ambler. On that night, a most unusual and delightful performance will be given at the Ambler opera house by Tibury's Talented troupe of particularly popular performers.

The best description of a Pierrot Show (something which is extremely popular at English seaside resorts) is that which describes it as a mixture of vaudeville and concert. Suffice it to say, that wherever Mr. Tibury has organized local talent for the purpose, and again in Wyndmoor in 1918 and again in 1919, the resulting performances have met with a tremendously enthusiastic reception.

The program, which will appeal to all lovers of good music and also to those people who enjoy a good laugh, will consist of sentimental, popular and humorous songs, duets, choruses, recitations, etc. There will be plenty of fun, but no vulgarity. The costumes are exceedingly attractive and decidedly novel.

The following is a list of the names of the who will take part in the Pierrot Show: Miss Pearl Aiman, of Germantown; Miss William S. Unruh, of Germantown; Miss Mary Ancona, of Ambler; Miss Mary Frank C. Robotham, of Philadelphia; Mr. M. S. Gerhart, of Telford; Mr. Louis Shaffer, Jr., of Fort Washington; Mrs. Harry Applin, Mrs. F. A telegram received by Mr. and Mrs. A. J. Williams from their son, William, is to the effect that he has been in New Haven, Conn., and will be home this Wednesday evening. It was at first feared that the lad had met with foul play, as he did not return home Monday evening, and no word was received Tuesday. His brother, James, is a student at Dartmouth college, Mass., and it is evident the younger brother had left Ambler intending to go there.

25 years ago Rev. Wm. F. S. Nelson was pastor of the Ambler Presbyterian church. Later he went to serve a charge in Philadelphia, and still later at Millville, N. J. From there he went to California, and a recent letter to the "Gazette" from George F. Kimbel, now of Lompoc, Cal., formerly of the Erdensheim-Flourtown section, contains the following of interest to Mr. Nelson's many local friends:

"While there are many changes among the names which I see in the 'Gazette,' yet there is much which keeps me in touch with what is going on.

"I recently met Rev. Mr. Nelson, who at one time reached in the Presbyterian Church at Ambler. He told me that I had a number of old copies of the 'Gazette.' He at once wanted to see them.

Mr. Nelson is working among the oil-workers near here. He has seven places where he holds Sunday school and preaches. From the reports which come he is doing a good work, although it is hard and at times discouraging.

"With best wishes for the success of your paper and all interested friends, I remain, yours truly,

GEORGE F. KIMBEL,
Lompoc, Cal.

Send Valley Forge Soil.

The Department of Forestry will collect a small quantity of soil at Valley Forge and ship it to Millersville, Georgia, where the local chapter of the Daughters of the American Revolution will place it at the roots of a Liberty Tree that is to be planted there on Armistice Day, November 11. The soil will be collected and shipped at the request of Governor Spruill, who has been informed that the tree will be planted "to remind the youth of our country that sectional estrangement no longer exists, that in place of it we have a union of States no one can sever."

Found Old Musket.

Under the floor of an antiquated shed on the ground of the Preston Apartment, Norristown, workmen, found an old breech-loading musket of Civil war vintage. It was considerably rusted, but the old hammer trigger still retained its pep, and Janitor Philip Eckert gave a demonstration of loading and firing to the instruction of his fellow workers.

The Calamity Howler.

Calamity Howler is known everywhere. In time of war stress or in peace. He sows discontent, envy, gloom and despair. His arguments never do cease.

Disparages others who work for the best. So skeptical, selfish and mean. At home he's a grouch and in public a pest. No civic achievement is seen.

The way to destroy the effect of this thing. Just smile, with the world at your feet. 'Tis Sunshine that makes all the shadow like wing. Believe in the friend whom you greet.

Be happy, make others as happy as you. The best of infection to spread. Make each day so joyous that when it is thru. You find more to live for ahead.

Quakertown Schools Crowded.

For the first month of school after the summer vacation, the attendance at the Quakertown borough schools exceeded all records. There was a total enrollment of 928, with an average attendance of 884, or a percentage of 96. There are 219 enrolled in the high school divided among the classes as follows: Freshmen, 83; sophomores, 55; juniors, 51; seniors, 33. According to Principal Leech's report the prospects for high school enrollment next year are 54 seniors, 51 juniors, 70 sophomores and 85 freshmen, a total of 260. This will require careful planning in order to provide sufficient seating capacity for so large a number. Eventually there must be additional room provided.

Included in the total enrollment are 122 non-residents, who are crowding the town students hard for the honors.

Card System for Motorists.

According to a new punch system, the motorist who is caught violating the state motor laws will have his registration card clipped and, if on another offense, his card bears the tell-tale punch, he will be arrested immediately.

A code will be used by which the position of the punch hole will indicate the offense of the motorist, and a driver who has one punch on his registration card can count on immediate arrest if caught a second time.

Strict enforcement of the state motor laws is expected to follow the inauguration of the punch card system. When a state trooper stops an overloading of a truck or any other infraction of the state motor laws, the driver will have to produce his registration card.

The trooper will punch the card, and of the first offense is not serious, the driver will probably get off with a warning. Each corner and various positions along the edges of the registration cards will indicate some offense of the motor laws. For instance, a punch hole in the upper right-hand corner may mean that the driver has been either warned or arrested for speeding.

There will be no opportunity for drivers to get rid of the tell-tale punch hole by "losing" their registration card. When the State policeman makes the punch in the card, he will record it and the driver's license in his book, to be forwarded to the Automobile division of the state highway department. When the driver applies for a new card to replace the "lost" one, the new card will contain the punch hole at the same spot where the policeman punched the old card.

It is believed this plan of keeping a check of lax drivers will cut down law violations along the State highways. Frequent complaints have been made to the automobile division that some drivers have little or no regard for the state laws as soon as they get beyond the limits of a municipality.

Church Organist for 50 Years.

H. C. Detwiler, of Hagersville has just observed his 50th anniversary as church organist at Tohickon Lutheran and Reformed churches. He served continuously since April, 1871, and only recently resigned. In addition to pipe-organist, he conducted the music at 1400 funerals. At various periods he served nearby congregations, among which were Keller's church, Applebachville and South Perkasie. In his labors he has traveled thousands of miles over the country roads of Bucks and nearby counties.

Handled Horse Well.

The principles of horsemanship that he absorbed while a member of 108th Field Artillery during the World War stood Aaron Tabak, of 1041 Dekalb street, Norristown, in good stead when a horse that he was riding down Swede street fell, as it was turning into Main. Tabak quickly swung from the saddle as the animal commenced to fall, retaining a grip upon the bridle reins, and brought the equine to its feet in time to avoid a collision with an automobile driven by Aaron Mann which was approaching.

Tabak's quick action no doubt averted an accident which would have resulted in injury to himself or the fallen horse.

Mr. and Mrs. Samuel Garre, on Friday evening, gave a most enjoyable party in honor of their oldest son, Samuel Garre, Jr. While the house was beautifully decorated, the chief festivities were held in the stable which was a fairland of Halloween atmosphere.

Games and dancing were enjoyed and refreshments were served.

Miss Ruth Fisher of Rosemary avenue, was tendered a very enjoyable masquerade party Saturday evening.

The house was prettily trimmed with Halloween novelties and decorations, and with games, refreshments and social intercourse the event was most delightful. Those present were: James Colgan, VanDorland Douglass, William Moore, Stansil Richards, Joseph Noble, Alfred Gorton, Misses Margaret Fisher, Elizabeth Robbins, Grace Richmond, Katherine Johnson, Sarah and Ruth Fisher, A. A. Fisher Mrs. A. Miller.

On Monday afternoon in the cemetery at Blackwood, N. J., were interred the remains of J. Anson Smith, M. D., whose death occurred Thursday following a collapse after an operation Sunday for acute appendicitis. He was 53 years of age, and for a number of years attended Sunnyside school, Ambler, being graduated in 1889 an entering the college department of the University of Pennsylvania.

Dr. Smith received his medical degree in 1893, and later studying medicine at the Jefferson Medical school. He located in Blackwood, N. J., and enjoyed a large practice. Last winter following a severe illness from influenza he was obliged to relinquish this active practice and accepted the superintendency of the Blackwood insane hospital, which position he held at his death. He leaves a wife, Annette Brannin, one son, Henry, and two sisters, Jessie, wife of Robert S. Kent, and Olive, of Brooklyn.

Samples of the corn grown by Charles H. Daneshower on Cedar farm, Penllyn, and which were adjudged first honors in the contest conducted by the First National Bank of Ambler, have been on display at the bank and have been admired by many. Mr. Daneshower, since the committee from the bank visited his field, has discovered even a more abundant yield in another portion where the ears yielded 8 3/8 bushels to four shocks. On Oct. 27, Mr. Daneshower dug one-eighth of an acre of Red Skin potatoes, which were planted on Aug. 15, having been growing just 73 days. The yield of tubers was 30 bushels. Wm. J. Bysher, of Erdenheim, who was awarded second prize in the bank's contest, has also had on display some fine samples of the corn grown by him. Many of the ears are considerably more than a foot in length.

Although they were unable to score on the game last Saturday with Doylestown, Ambler boys scored a victory nevertheless by keeping the visitors from scoring also. The game was played on the local gridiron and it was the first time in a number of years that an Ambler team has kept the huskies from the county seat of Bucks from scoring at least one touchdown. Saturday's contest was exciting from start to finish, and it was as clean of roughness as any contest ever seen here. Neither side appeared to have the advantage. However, it might be said that fumbling and considerable to do with both teams failing to get nearer the goal line. Half was the real offender for the locals in this respect. Once by failing to catch a forward pass when he had a clear field probably saved the day for Doylestown. Half, though on more than one occasion prevented the visitors from getting off any of the long runs for which they are noted, and his line plunging was also a feature, as was also Heath's and Eckert's. Sallor also played a good game. The bill throughout the game was kept in the field, and an idea may be gathered of how well the teams were matched when it is known that each team scored but eight first-downs and the ball was never nearer than the 20-yard line to either Ambler's or Doylestown's goal line. Ambler showed a complete reversal of form in this game over the contest of the previous week with Glenside, and if the same brand of ball is played next Saturday against the Northeast professionals another great game can be looked for Manager Ray Ray Wood, of the Doylestown baseball team referred Saturday's game and gave general satisfaction, as did also Field Judge Urban.

TOWN TOPICS.

Dr. D. W. Shelly has had his residence repainted. Ellisworth L. Posey is having his residence repainted.

Mrs. Naomi Myers has secured a position in Philadelphia as manicurist. The new addition to the Vulcan Foundry company is now under roof. Mrs. E. Wacker has decorated the walls of her flower store and installed electric light fixtures.

The regular monthly meeting of the Wissahickon Fire company will be held next Friday evening, and a full attendance of the members is requested. U. G. Buchanan and Son, local builders, have broken ground for a new house to be erected on the former Ruch property at Albert Fry.

The Lehigh Valley Transit company has been repairing its line along Butler avenue and replacing broken vitrified bricks in the section of the street for which the transit company is responsible.

A reliable, dependable, easy running, easy riding, economical in gasoline, oil and assuring long life to tires—such a car you are looking for. I beg to call your attention to the Buick. Examine it critically, ask a Buick owner and let me demonstrate its many commendable features. —Rudolph Speilbofer, agent.

Howard S. Amey, contractor and builder, has seven houses under construction for Joseph H. Fretz in the Oak Park section. Frank Mininger, of Lansdale, has been awarded the contract for plastering the seven buildings. The roofs will be of asbestos shingles put on by the local company. It is expected that house No. 1 will be open for inspection about Nov. 15.

Trespass notices on sale at the "Gazette" office are prepared in conformity with the existing state laws. The provision is that the property must be "prominently posted" with a "printed sign." The sign is required to state that the land is private property and that trespassing thereon is prohibited, and in addition the act of assembly must be stated at the foot of the card. Property owners have a desire to proceed legally against trespassers must comply with this law themselves with regard to the nature of the notice posted on their property, else legal action will fail, no matter how flagrant the violation. If you desire to close your land, secure these "Gazette" office notices and post them "prominently," as required by the law.

There appears to be an erroneous idea that Ambler wants the State Police returned. A recent article appeared last week in the Evening Ledger to that effect. The state police were never stationed here for service in Ambler, but were located here because Ambler is almost the center of the district desired to be protected, and to help make their work more efficient through the courtesy of the Keesbey and Mattison company, they were loaned automobiles and drivers and in addition an office was fitted up, typewriter loaned and a rear stable was remodeled for their horses, all of which was done at the expense of the company. Corporal Shaver, who was in Ambler the past week, stated that the removal of the state police was caused through an application by the district attorney's office and the order to move the station came direct from Harrisburg. There always has been plenty of work for the township surrounding Ambler, and it is a difficult matter for the residents of these townships to understand why the protection has been removed.

Harold Wildrick, also formerly resided here and who now lives at Glenside, has resigned his position with the Link Belt company and has gone into the building contracting business.

Arthur Downes, after having addressed the Colony club last Wednesday afternoon, visited the "Gazette" office wherein he learned the printing trade 30 years ago. At that time he resided at Penllyn, and as apprentice boy walked to and from Ambler, reaching there about 6 o'clock on the winter mornings in order to have the office comfortable for the remainder of the employees who started work at 7 and with an hour for noon worked until 6 and frequently until 10 at night, the greater part of which work was the setting or distribution of type by hand. The "Gazette" office at that time was a small, frame structure on a portion of the site now occupied by the present "Gazette" building. A steam boiler heated the structure and provided steam for driving the engine, which was used only on publication days or in times of long "runs" on the two small job printing presses, which usually, however, were operated by foot of the attendant. There was no Saturday half holiday at that time, but work was stopped at 5, and all do the "boys" remember when the great concession was granted of allowing all but one boy to cease work on Saturdays at noon, each one in turn remaining at work until 5. As stated the boiler was a care, and especially so when it is recalled that water for refilling the same was carried by hand daily in buckets from the Rose Valley creek in the rear, and what a great convenience it was when the proprietor was able to install a steam pump for refilling the boiler by means of steam power from the old well, which still remains somewhere under the present structure—and then one Saturday night in September of 1896 the building burned to the ground together with Cope's shoe store and the William Gracey property on either side.

New Data for Auto License Applications.

The state highway department will not guarantee delivery of automobile tags before January 1 when the applicant does not send in his papers before Christmas, announced Highway Commissioner Lewis S. Sadler in urging proper application for tags. The State will begin shipment of 1922 tags on Nov. 1. Thousands have already been listed.

Commissioner Sadler said: "In registering commercial vehicles with chassis weighing 2000 pounds or over, applicants should use only the new 1922 form of application. The

act of 1921, amending the motor laws of 1919, has materially changed the chassis of vehicle. The new law specifies a separate fee for pneumatic-tired vehicles and solid-tired vehicles. In the case of trucks registered in 1921, chassis weight and manufacturers and motor numbers, can be secured by referring to the registration certificate issued by the highway department for the vehicle in question.

"Truck tractors used with two-wheeled trailers, are registered as one vehicle, and application for registration is made on the same form as for trucks with chassis weighing 2000 pounds or more. The weight of the truck chassis plus the weight of the trailer is the weight on which the fee is computed.

"Trucks with chassis weighing under 2000 pounds are registered at forty cents per horsepower, with a minimum fee of \$15, application to be made on same form as for registration of passenger motor vehicles.

"Electrically operated trucks or commercial vehicles having chassis weight of 2000 pounds or over are registered at the same fee as similar weight trucks with pneumatic tires."

Lansdale Organizes Own Coo Coo Clan.

Through the suggestion of the Lansdale Board of Trade a "Coo Coo Clan" has been organized in this borough. The organization was affected with all the mystery of the Ku Klux Klan.

Sixty of the town's fearless citizens have already taken the oath. At the organization exercises all the oracles of the clan were present. A hesitancy tax on the part of the new members to accept the post of "Worthy Lizard" will prevent immediate activities.

The formation of the Lansdale "Coo Coo's" was accompanied with much pomp. Night shirts were much in evidence. The "Coo Coo" instituting committee was composed of the following Lansdale residents: "Imperial Lizard, Prof. J. Walter Gopp; illustrious coo coo, Samuel D. Conner; notorious pooh pooh, Walter L. Sanborn; grand exalted gobbler, Prof. E. J. Williams; grand exalted beagle, Frank Barndt.

The "Coo Coo" oath bounds in local slang. The strict relations between the Lansdale borough and the Suburban Gas and Electric company are mentioned in the final clause, which is as follows: "I further promise and swear to keep forever inviolate the secrets of this organization and never to reveal to anyone what here transpires on pain of sudden asphyxiation by Philadelphia Suburban gas, except to my wife and the members of the afternoon bridge clubs."

—Byron Scheetz, of Sellersville, has filed a bankruptcy petition. Liabilities, \$1,587; assets, \$50.

CHATS WITH YOUR GAS MAN

If gas were sold at the corner grocery like other things, would it be cheaper? Yes indeed. By paying cash on delivery and carrying your gas with you, you could get a big bag full for a penny. And for a dollar, well, we leave it to your imagination.

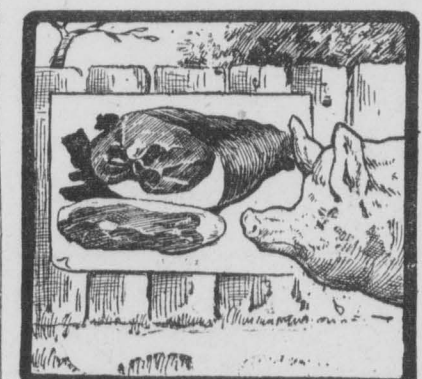

But that isn't the most interesting thing. The fun would commence when you tried to use the gas. "Now that I have it," you would say, "what am I going to do with it?" And immediately you would discover that you had bought the wrong thing; that it was gas service you wanted and not a bag full of gas.

Gas WITHOUT SERVICE is of little use to anyone. But gas WITH SERVICE is a necessity. One is mere vapor; the other, fuel-clean, efficient, reliable - ready when you want it, where you want it.

You speak of street car service, telephone service, train service. Why not GAS SERVICE? That's what you buy, use and pay for.

A Reliable Remedy for Colds and Croup.

It would surprise you to know the number of people who use and recommend Chamberlain's Cough Remedy. Mrs. J. N. Rose, Verona, Pa. writes "Chamberlain's Cough Remedy has been used by myself and husband for a number of years for coughs and colds. Also gave it to my little grand-daughter three and a half years of age when she had croup last winter. It broke up the attack at once. I have recommended this remedy to many of my friends and neighbors who have also used it with good results." nov

Lansdale Receives Pennant.

Amid cheers from 200 baseball fans from every section in the Pike circuit of baseball clubs the 1921 championship pennant was formally presented to the Lansdale club, Wednesday evening, at the annual banquet of the Montgomery County League in the Hotel Walton, Philadelphia. The speakers were Wm. F. Murphy, of Doylestown; President Clarence Lowmes, of Lansdale; President H. C. Pike, Norman Zandt, Vice President W. L. Diehl, Carol Brooke, of Glenside; Joseph A. Wroch, of Doylestown, and Hon. Fletcher Stiles, of Narberth.

Serious Results From Colds.

Colds not only cause a tremendous financial loss but are also a serious injury to every one who contracts them as they lower the vitality and prepare the system for the more serious diseases. It is not at all unusual for people who have serious lung trouble to say "I had a hard cold last winter." Why not take Chamberlain's Cough Remedy and cure your cold while you can. nov

Republican Candidates' Fund.

Sheriff Jacob Hamilton, as treasurer of the Republican Candidates' campaign fund in the late primaries, has filed his affidavit of election expenses, and reported an expenditure of \$4,117.41, all received from the candidates.

Attempted Night Holdup At Woods.

F. M. Hunt, of 725 West Marshall street, Norristown, reported to the police at city hall, recently that while he was out on a night walk, an attempt was made to hold him up along a lonely strip of road near Five Points.

As he was driving past a dark strip of woods, a man suddenly stepped into the center of the road and gestured in an effort to have him stop the car. As he applied the brakes, however, he became suspicious. He then caused the car to shoot forward and the stranger leaped to one side.

After passing the man, Hunt declared that several shots were fired after him from a revolver.

For a Disordered Stomach.

When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested. The important thing is to restore the stomach and liver to a healthy purpose. Chamberlain's Tablets are excellent. Give them a trial. They only cost a quarter. nov

Paroled Men Escape.

Two prisoners paroled from the county prison, Oct. 16 to the county farm were reported, to have made their escape on the 21st. Both were short-termers, and one having but a few weeks to serve.

The men are Russell Pearson, alias William Brown, of Boston, and Julio Caprisi, a Chilean, who was arrested in Conshohocken. Pearson was taken in hand by Officer Wilson White, of the Pennsylvania railroad, and was serving a nine months sentence, having been convicted of carrying concealed deadly weapons. He was sentenced by Judge Miller in February and his time would have expired next month.

He wanted an opportunity to earn a little money before leaving prison, so he could get back to his home, he said. The opportunity was granted by his parole to the farms. Pearson, who is aged 28, is described as being 5 feet 10 1-4 inches tall, as weighing 163 and having black hair.

Caprisi was convicted of a charge of larceny at the June term of court and sentenced to six months. He is aged 28 years, is 5 feet 10 inches tall and weighs 160. He has brown hair.

Home and School League Hold Interesting Meeting—Dances in Hall Are Well Attended—Personal and Miscellaneous Items.

The dance last Saturday evening in the Wissahickon hall, given by the Ladies' Auxiliary of the Flourtown Fire company, was well attended and was voted a great success.

On Friday evening in their new home at Penlynn, Mr. and Mrs. Levi S. Moore, who recently removed from Fort Washington, entertained friends at a masquerade. Halloween decorations and favors graced the occasion and dancing and the season's games constituted the features. Refreshments appropriate were served.
